

KWAN WEI LOONG

CYBERSECURITY STUDENT IN ASIA PACIFIC UNIVERSITY

Phone: 012-5575482

Mail: weiloongkwan@gmail.com

LinkedIn: [Wei Loong Kwan](#)

Internship period: 24 August 2026 - 11 December 2026

PROFILE

I am a Year 2 Cybersecurity degree student with a strong interest in network security, cloud security, and Security Operations Center (SOC) environments. Knowledgeable in threat monitoring, incident detection and system vulnerability analysis, with hands-on experience gained through competitions and academic projects.

Continuously developing technical and analytical skills to understand and mitigate modern cybersecurity threats. Currently seeking an internship opportunity to gain practical experience, enhance my expertise, and contribute to real-world security operations in a professional environment.

WORK EXPERIENCE

Internship | BestWeb Technologies Sdn Bhd

June 2025 - September 2025

- Developed a user-friendly website using Filament and Laravel

SKILLS

- **Programming:** Python, Java, HTML, CSS, JavaScript, PHP, MySQL, Filament, Laravel
- **Tools:** Visual Studio Code, Kali Linux, Apache NetBeans, phpMyAdmin, SQL Server Management Studio, Wireshark
- **Other Skills:** UI / UX Design
- **Language:** English, Malay, Chinese

EDUCATION

Diploma in Information Communication Technology

July 2023 - Sept 2025

specialism in Software Engineering | Asia Pacific University of Technology & Innovation

- Studied Web design, networking, intro to cybersecurity and programming skills
- CGPA: 3.4

Bachelor of Science (Honours) in Computer Science (Cyber Security) (Dual Degree) | Asia Pacific University of Technology & Innovation

Nov 2025 - present

- Studied Linux, switching and routing and practical CTF
- CGPA: 3.44

COMPETITION

- Bingo CTF 2025 (by APU) (November)
- HEX Advent 2025 (December)
- NEXSEC 2025 Intervarsity Cyber Forensics Challenge (by MCMC) (December)
- 0xCYNX CTF 2026 (by APU) (January)
- UMCS CTF 2026 (by UM) (April)

CERTIFICATIONS

- Introduction to Cybersecurity (Cisco)
- Network Defense (Cisco)
- CCNA: Switching, Routing and Wireless Essentials
- Red Hat System Administration I (RH124-RHA) - Ver. 9.3 (Red Hat)
- Attack The Cloud Workshop (APU)
- How Hackers Break into Wifi Workshop (0day Academy)
- Android PenTest Workshop (APU)
- Game Hacking 102: FPS Wallhack with DLL Injection Workshop (APU)
- Breaking The Web: JWT Hacking & SSRF with Gopher Workshop (APU)

PROJECT

PPE Management System

- Developed a simple PPE management system using Python

Simple Java Psychology System

- Developed a mini console-based management tool using object-oriented concepts
- Implemented data input/output through file handling in Java

Simple Quiz webpage

- Created responsive UI for student answer quiz
- Contributed to navigation structure and interface objectives using HTML, CSS, and PHP

Customizable Mathematics Learning Platform for People with Hearing Disabilities

- Developed backend of this platform using Django
- Developed frontend of this platform using HTML
- Capstone project
